

The 2530 Series Omniwheels

Heavy Duty Multi-directional Wheels

The 2530 Series Omniwheels are:

Omni 2.530
Omni 2.532
Omni 2.537
Omni 2.538
RW27
RW28
RW32

Construction

The series 2530 Omniwheel barrels are made of die cast aluminum for manual systems; with polyurethane barrels also available for powered applications (to prevent slippage).

Mounting

Series 2530 Omniwheels feature die cast aluminum frame with built in keys for coupling multiple units. This arrangement provides maximum mounting flexibility to suit almost any transfer requirement.

Application

The series 2530 Omniwheels are well suited for use in heavy-duty manual or powered transfer systems.

Ordering Note:

Two Omniwheels must be used together to provide support over 360° of rotation. Please order accordingly.
